

BUTTON BADGE ARTWORK SIZING SPECIFICATIONS

SAMPLE DIAGRAM PLEASE READ INSTRUCTIONS CAREFULLY

** (Do not measure this diagram)

1. Create an outer circle at specified size for chosen badge size (see below).
 - * This circle is larger than the completed badge size and wraps around the badge front.
 - * Any background colour must be bled out to this circle.
 - * This circle **must be printed** on your final copy artwork

2. Create an inner circle at specified size for chosen badge size (see below).
 - * This circle is used as a guide for placing your design on the badge front (any image or text placed outside this line will begin to wrap around the edge of the badge.
 - * This circle **must be deleted** before printing your final copy artwork.

** (Diagram not to scale)
